Satellite Phone Rental Agreement Terms & Conditions

- 1 Global Telesat's set-up fee includes SIM card activation and delivery of hire equipment to the address given by the customer at the time the order is placed.
- 2 The initial deposit of £400 covers the replacement of the satellite phone in the event of loss or theft and is refundable upon satisfactory return of the equipment at the end of the rental period, minus any out of bundle traffic charges that have accumulated during the rental period.
- 3 The initial deposit, set-up fee and weekly/monthly rental charge will be deducted from the customer's credit card before delivery of equipment. Additional charges for out of bundle traffic charges and/or recurring rental charges will be automatically deducted from the initial deposit paid.
- 4 If the phone is returned after the rental period initially requested the user will be charged at a rate of £10 a day plus airtime charges. If the customer can provide proof that the phone has been sent back the fee will not apply.
- 5 As a guide, the following charges will be deducted from the customer's deposit if the satellite phone and/or accessories are lost, stolen or returned damaged:

Lost or stolen satellite phone:	£400
Damaged satellite phone:	Variable depending on damage at Global Telesat's discretion
Lost, stolen or damaged mains charger:	£50 (any country)
Lost stolen or damaged car charger:	£50
Lost stolen or damaged leather case:	£50
Lost stolen or damaged data kit:	£50
Lost stolen or damaged External antenna/adapter:	£50
Lost stolen or damaged Hands-free kit:	£50
Lost stolen or damaged spare battery:	£50
Lost stolen or damaged solar charger:	£250

It is recommended that the customer returns the satellite phone and equipment to Global Telesat using an insured postal service, such as Royal Mail Special Delivery, as Global Telesat cannot be held responsible for items lost in transit, other than when dispatching equipment to the customer.

6. Global Telesat will test the phone before dispatch to the customer and will ensure that is in good working order and condition when it is delivered. The customer will inform Global Telesat immediately upon discovering any immediate or subsequent faults with the equipment.
7. The customer is aware that satellite phones are designed for use outside in situations where there is a clear line of sight to the sky from the phone's internal or external antenna. Furthermore, the customer confirms that they have checked the service provider's coverage map to ensure that there is coverage in the location where the phone will be used.
8. The rental equipment shall remain the property of Global Telesat at all times and the customer shall have no rights to the equipment or to the mobile number to which it is connected except for the purposes of this rental agreement.
9. Global Telesat shall not be liable for any breach of this Rental Agreement if and to the extent that such breach arises as a result of any act of God, government or industrial dispute of any kind.
10. This rental agreement has no expiration date, is effective throughout the entire rental period and cannot be assigned without Global Telesat's prior permission.
11. This Rental Agreement shall be governed by the laws of England and shall be subject to the non-exclusive jurisdiction of the English courts.
